Elements

Inspirations®

REGISTERED EMBOSSED LVT

Very few brands can compare with the high-end manufacturing, detail and performance of the Elements Inspirations® LVT Collection. This is high-end LVT at its best.

Experience the beauty of natural wood with all the knots and swirls in an ultra-matt finish, through twelve unique patterns and colours, offered in matching Planks and Herringbones.

Elements looks and feels just like real hardwood flooring, owing to its Registered Embossing (also known as EIR). This is a raised surface texture that matches the pattern of the wood-grain.

Boasting a commercial-rated 0.70mm wear layer (20% denser than most competitors), Elements has exceptional scratch protection from scuffs, scrapes and stains from furniture, pets and little ones.

This protection ensures your new floor will maintain its great looks for many years and is, therefore, very easy to look after – just a soft brush and spray mop will do it. Elements is also waterproof which makes it ideal for kitchens and bathrooms (not wetrooms).

Registered Embossing for an Ultra-Realistic Finish

Elements Inspirations® LVT is designed to match the look and feel of real hardwood flooring. EIR achieves this brilliantly by producing a three-dimensional surface texture that exactly follows the knots and patterns of the wood-grain film layer below. In doing so, what you can see also matches what you can feel.

- 2.5mm thickness
- 0.70mm commercial wear layer
- Registered Embossed (EIR)
- Ultra-matt finish
- Waterproof and stain-resistant
- Slip-resistant rated +36
- Micro-bevelled edges
- Easy to clean and maintain
- Rated A+ for VOC emissions
- Contains no formaldehyde
- Lifetime residential warranty
- 15-year commercial warranty

*Guaranteed for use only with water-based UFH (underfloor heating) systems.

Matching Herringbone **EIH-01**

PLANKS

Colours	12
Thickness	2.5mm
Wear layer	0.70mm
Size	187mm x 1227mm
Planks per pack	16 planks = 3.67m ²
Warranty	Lifetime residential 15-year commercial

Experience the beauty of natural wood with all the knots and swirls in a longer and wider format than the narrower and shorter Herringbone.

All twelve Planks colours shown on the following pages are available in matching Planks (see page 30 onwards).

SANDY OAK Plank **EIP-01**
Matching Herringbone **EIH-01**

ESPRESSO Plank **EIP-02**
Matching Herringbone **EIH-02**

Exceptionally Durable

Elements Inspirations is built to last. It has a commercially-rated extra thick 0.70mm wear layer, suitable for residential and commercial areas. The wear layer protects the floor from scuffs and scrapes, helping preserve its good looks and makes it exceptionally easy to maintain.

ESPRESSO Plank **EIP-02**
Matching Herringbone **EIH-02**

LIMED OAK Plank **EIP-03**
Matching Herringbone **EIH-03**

Ultra-Realistic Appearance

Elements Inspirations has the most realistic aesthetic with a deep Registered Embossed surface that looks and feels just like natural hardwood. Bevelled edges complete the look.

LIMED OAK Plank **EIP-03**
Matching Herringbone **EIH-03**

DOVE OAK Plank **EIP-04**
Matching Herringbone **EIH-04**

NATURAL OAK Plank **EIP-05**
Matching Herringbone **EIH-05**

Easy to Maintain

Elements Inspirations is designed with easy maintenance in mind. The wear layer is 20% denser than most competitors and exceptionally scratch and stain-resistant. Looking after it couldn't be easier — just a soft brush and spray mop will do it.

NATURAL OAK Plank **EIP-05**
Matching Herringbone **EIH-05**

MAHOGANY Plank **EIP-06**
Matching Herringbone **EIH-06**

Fully Waterproof

You get complete peace of mind when buying Elements Inspirations. It is fully waterproof and highly stain-resistant, making it the perfect choice for bathrooms (not wetrooms), kitchens and play areas.

MAHOGANY Plank **EIP-06**
Matching Herringbone **EIH-06**

BARN OAK Plank **EIP-07**
Matching Herringbone **EIH-07**

Safety First

Elements is completely safe for your home. It contains no formaldehyde or heavy metals and is rated A+ for VOC emissions. It also achieves Eurofins Gold Certification for Indoor Air Comfort and is FloorScore certified.

HERRINGBONE

Herringbone floors make a really bold statement and you can create the iconic zig-zag pattern in several ways in addition to some more unusual options. Below are a selection of the more popular Herringbone laying patterns.

Traditional Herringbone

Double Herringbone

Diagonal Herringbone

Herringbone / Plank Mix

Herringbone Ladder

SANDY OAK Herringbone **EIH-01**
Matching Plank **EIP-01**

Colours	12
Thickness	2.5mm
Wear layer	0.70mm
Size	95mm x 380mm
Planks per pack	72 pieces = 2.599m ²
Warranty	Lifetime residential 15-year commercial

Herringbone is a timeless, elegant and hugely versatile option that will very easily transform your home or workplace.

With its commercially-rated wear layer, Elements will make a visually striking impression in all settings.

All twelve Herringbone colours shown on the following pages are available in matching Planks (see page 7).

No Need for Expansion Gaps

Elements LVT requires only glue for installation. It can be fitted tight against straight and curved walls and fixtures, which means there is no requirement for any expansion gaps.

LIMED OAK Herringbone **EIH-03**
Matching Plank **EIP-03**

DOVE OAK Herringbone **EIH-04**
Matching Plank **EIP-04**

Slip-Resistant

Elements rates highly in PTV (Pendulum Slip Value) tests with a rating of 36+ which is deemed as low slip potential.

PTV tests are conducted in accordance with the UKSRG (UK Slip Resistance Group) and HSE (Health and Safety Executive) guidelines. PTV test ratings are as follows:

- 0-24 High risk
- 24-35 Moderate risk
- 36+ Low risk

Suitable for Underfloor Heating

With comfort in mind, Elements is manufactured for use in rooms using water-based UFH (underfloor heating) systems.

Surface temperature must not exceed 27°C and flooring must be fitted in accordance with BS EN 1264-2, as well as the UFH manufacturer's guidelines. If other UFH systems are used, please first consult your flooring supplier for suitability.
